
STATE TRANSPORTATION PLANS ADVISORY COMMITTEES

The Minnesota Department of Transportation is updating the Statewide Multimodal Transportation Plan (our state's highest policy plan for transportation) and the 20-Year State Highway Investment Plan. These two plans will guide how and where we invest in transportation for the next 20 years and help MnDOT work to make transportation safer and more equitable across the state.

A joint policy advisory committee will review public input and technical feedback for both plans to inform recommendations to MnDOT's leadership. Two technical advisory committees—one for each plan—will provide technical recommendations for consideration by the policy advisory committee and MnDOT leadership.

POLICY ADVISORY COMMITTEE

MEMBERSHIP

Paul Aasen

Minnesota Safety Council

Doug Anderson

City of Lakeville

League of Minnesota Cities

Brent Bois

Calhoun Truck Lines

Minnesota Trucking Association

Deborah DeLuca

Duluth Seaway Port Authority
